- The group is responsible for having a full foursome available to play on their contracted days and tee time for the entire term of the RTT season. If a group is unable to play during the scheduled tee time, the group must notify the golf shop immediately. This will allow the golf shop to *assist* in filling the tee time with open play. If the tee time does get filled, rain checks will be issued. If any portion of the tee time remains unsold, no rain checks will be issued
- Rain checks will be issued when the conditions become unplayable. Unplayable conditions will be determined by the golf shop staff
- All rain checks issued in 2017 are valid for the 2017 golf season
